

## My "Elevator" Speech

(from the backside of my business card)

The witness of nature (Big Bang Cosmology) harmonizes with the declaration of the Bible that the cosmos came into existence by God, who is both Creator of the heavens and the earth (Gen. 1:1-2) and the Redeemer of sinners through Jesus Christ (John 3:16). See my essays that make that case: "God's Prints are Everywhere," and "Hoax? Myth? Or Literally True?," at my website.

I have an M. Div. Degree from Luther-Northwestern Seminary and an M.A. Degree with Honors, in "Science and Religion" from BIOLA University.
